

LBWID Planning Meeting FY-24-07

LBWID Board of Trustee Positions

Update positions of LBWID Trustees (for documentation purposes)

Chair – Alan Pisarski

Secretary/Operations Oversight – Brenda Pierce

Treasurer – Jim Simonson

LBWID Operations Director's Update

Dam Control Building Roof Replacement – current slate roof was installed in the 1970's and is missing slates. Replacement is estimated to cost less than \$10,000, with 30 – 50 yr architectural shingles w/ 10 yr warranty

Dam Hydraulic Pump & Electric Motor Replacement

Estimated cost is \$20,000 to \$25,000. The current pumps are 12 years old and current motors are 22 years old. Plan to replace 1 motor and 1 pump at a time, so a phased approach.

New Push-boat purchase

The cost for the new boat = \$39,900. There will be a 2 – 3 week build time. The cost for new motor and controls = \$10,000. \$50k was budgeted for this in FY-2024

Dam concrete joint seal repair

Work to be completed by LBWID staff. Materials and tools estimated cost to be less than \$1,000.

Dam catwalk access ladder repair

The ladder is starting to erode/deteriorate. This work to be done by LBWID staff. Material cost is estimated to be less than \$300.

Dam cathodic protection system anode replacement

Work to be done by LBWID staff and estimated to take 3 days. Anodes were purchased in FY-2023 (cost was approximately \$6,500 for anodes).

Conducting the LBWID equipment maintenance and supply inventory for 2024 spring/summer season

LBWID Financial Update

FY-2023 Audit update

Close to being done – the engagement letter has been signed, supplied variance and other requested information to the auditor. Estimate draft audit available in 5 – 10 days.

FY-2024 July – December Income/Expense Statement – nothing unexpected in budget.

Charles Schwab to Truist Bank transition update

Most of the funds are now in Truist. We are developing an investment strategy/plan with Truist Bank – Jim will evaluate options at Truist. CD rate yields are currently very favorable.

FY-2025 Budget presentation and approval NVS&WCD Board Meeting – February 27th at 9am (in-person) with an LBWID PowerPoint presentation

East and West Dam Embankment Armoring Project

Dam Project Steering Committee (DPSC) continues to work well.

WRA and GKY Update – they are currently focusing on stress and velocity of water under various scenarios.

Grant application update – (1) grant form has been submitted to DCR for FEMA grant for research and engineering; (2) direct DCR grant has been started, has a March 15 deadline.

Legal review update – information to John McBride; their review to include LBWID’s ability to apply for grants, liability for LBWID and LBA, any effects on community. Have provided them information including LBWID-LBA agreement, information on easements, LBA by-laws, certifications, guidance documents for grants, etc.

Updated and approved 2-Year O&M certificate review – approved on Dec 1, 2023; Davis to meet with the new regional engineer for any areas of concern (primarily alternative permit application with short deadline).

LBA Annual Membership Meeting

February 21st @ 7:30pm Virtual meeting.

LBWID presentation /update (Alan) – Davis will prepare a PowerPoint presentation.
